

## Choosing Personalised Vocabulary

Before adding personalised vocabulary, be sure to check the 'Word Finder' feature first to see if that word is already in the vocabulary file. Consider adding words into relevant existing categories where possible. If you are unsure of the most suitable location to add a new word or you need assistance with programming, please contact your local Liberator consultant.

Must have words	People (Family, Pets, Support People, Friends, Professionals, School & Work Mates) **Do you need to gather photos of these people?		Places (Within home, outside home, school, shops, holidays)
	Name	Relationship	
		/ 0 1
