

My AAC script example

Activity: Playing with trains

Core words to use: 'go', 'stop', 'up', 'down', 'fast', 'slow', 'there', 'more'.

Steps	What I will do	What I will say	What I will model
1	I will get a toy train and place it on the tracks. I will get ready to push the train	"Ready, Set" I will pause for 2 seconds "Go"	Press "Go"
2	I will do various actions with the train.	"Choo choo" "Trains going up" "Trains go down" "We're going so fast/going slow" "We're nearly there" "The train has stopped"	"go up" " go down" "Go fast" "Go slow" "There" "Stop"
3	I will stop the train.	"Stop"	"Stop"
4	I will pause and wait for my child to take their turn. E.g. smile, laugh, try to push the train. I will repeat the same actions and the same words when we play. I will pause and follow my child's lead.	Should we do more?	"More"
