

# Connect. Create. Communicate.

Keep the conversation going with Liberator

Liberator provides augmentative and alternative communication (AAC) devices, accessories and services that support communication.

Our team of Consultants is dedicated to keeping the conversation going; offering support and advice to communicators, their families and their networks across Australia.

## Why Choose Liberator?

- **Expert consultants** across Australia who are qualified Speech-Language Pathologists
- **Personalised guidance** to find the right communication solution
- **Ongoing support** for the life of your device
- **Comprehensive training** for AAC communicators, families, and support teams

## Our AAC Solutions

- **Voice Output Communication Devices** with vocabulary systems designed for all ages and abilities
- **Comprehensive 3-year warranty** covering parts, labour, physical damage, and battery replacement
- **Free return shipping** for all warranty repairs with loan devices available

## Try Before You Decide (for Free!)

- **Free device trials** with no obligation
- **Free return postage** via Liberator's e-Parcel Service
- **Personalised support** before, during and after your trial

## FREE Support During Your Trial

- **Ongoing telephone and email support**
- **One 45–60-minute training session** with a local consultant
- **Online support** guaranteed
- **Face-to-face support** – available for customers within 30km of CBD areas
